PROTEST

All members of the Teaching and Non-Teaching staff, students and members of the Governing Body of Asutosh College, a century old institution of great academic heritage, are deeply disturbed and hurt by the recent spate of allegations of corruption being levelled against us by a section of the media in connection with the admission of students for the 2017-18 academic session. These allegations are unsubstantiated, unfounded and biased. This deplorable coverage of Admission Procedure is not only harming the morale of the students but seems to have malifide intentions of demeaning the rich heritage of the College. We refute these allegations in no uncertain terms. We also reserve the right to proceed legally against these purveyors of concocted stories who have not, till date, been able to produce any corroborating evidence in support of their allegations. However, we strongly believe that the highly enlightened people of this state are aware of the contributions made by this College since decades and shall not be swayed by these manufactured stories.
